How to Answer

Your answer does not have to be perfect. Just answer in complete thoughts and use details from the chapter.

How to structure your answer

A strong answer usually has a few parts. Try these steps:

- 1. **Answer the question.** Start with one sentence that answers the question directly.
- 2. **Give an example.** Add a detail or moment from the chapter that shows what you mean.
- 3. **Explain why.** Tell why it mattered, or how it made you think or feel.
- 4. **Wrap it up.** Finish with a closing thought, a question, or a prediction.

Chapter 5: Why do you think the nursery rhyme is important to the story, and how does it add to the feeling of suspense?

Example answer: I think the nursery rhyme is important because it gives a pattern for what is happening on the island. Each time something in the rhyme connects to a death, it makes the guests and the reader feel more worried. It also makes the mystery feel planned instead of random. I felt suspense because I wanted to know if the next line of the rhyme would come true.

How to Answer (continued)

Chapter 9: Do you think the characters are working together well, or are they making the danger worse? Explain your opinion with examples.

Example answer: I do not think the characters are working together very well. They try to make plans, but they also keep blaming and doubting each other. Their fear makes it hard for them to trust anyone, even when teamwork might help them survive. I think their suspicion makes the danger worse because they cannot stay calm or united.

Chapter 16: After learning the solution, how did the ending change your view of the clues from earlier chapters?

Example answer: After I learned the solution, I looked at the earlier clues in a new way. Some details that seemed small before were actually important. I realized the author was hiding the answer in plain sight, but I did not notice because there were so many suspects. The ending made me want to reread parts of the book to see what I missed.
