How to Answer

Your answer does not have to be perfect. Just answer in complete thoughts and use details from the chapter.

How to structure your answer

A strong answer usually has a few parts. Try these steps:

1. **Answer the question.** Start with one sentence that answers the question directly.
2. **Give an example.** Add a detail or moment from the chapter that shows what you mean.
3. **Explain why.** Tell why it mattered, or how it made you think or feel.
4. **Wrap it up.** Finish with a closing thought, a question, or a prediction.

What have you learned about Juli's personality so far? Describe something she says or does that supports your answer.

Example answer: I think Juli is friendly and eager to get to know Bryce. When he moves into the neighborhood, she wants to be near him instead of waiting for him to come to her. This shows me that she is not afraid to approach someone new. I also think her excitement makes it hard for her to notice that Bryce feels differently.

How to Answer (continued)

Do you think Bryce has treated Juli fairly so far? Explain your opinion using something he says or does.

Example answer: I do not think Bryce has been completely fair to Juli. He tries to avoid her instead of clearly explaining that he wants some space. I understand that he feels uncomfortable, but Juli cannot easily know what he is thinking. I think being honest and kind would be fairer to both of them.

How might Bryce and Juli describe the same meeting differently? Use what you know about their feelings to explain both possible views.

Example answer: I think Juli might describe meeting Bryce as exciting because she wants to get to know him. Bryce might describe that same meeting as uncomfortable because he does not want so much attention. Their different feelings help me understand why they do not see the moment the same way. I would want to hear both sides before deciding what the meeting meant.
