How to Answer

Your answer does not have to be perfect. Just answer in complete thoughts and use details from the chapter.

How to structure your answer

A strong answer usually has a few parts. Try these steps:

1. **Answer the question.** Start with one sentence that answers the question directly.
2. **Give an example.** Add a detail or moment from the chapter that shows what you mean.
3. **Explain why.** Tell why it mattered, or how it made you think or feel.
4. **Wrap it up.** Finish with a closing thought, a question, or a prediction.

Compare Ludo Bagman and Mr. Crouch. How are they different, and which one would you trust more? Why?

Example answer: I think Ludo Bagman seems cheerful and friendly, but he also does not seem very careful. Mr. Crouch is much more serious and strict, and he cares a lot about rules. I would trust Mr. Crouch more with an important job because he seems responsible. Still, I would rather talk to Bagman because he seems easier to be around.

How to Answer (continued)

What strategy does Harry use in the first task, and why does it fit his strengths?

Example answer: Harry uses his flying skills to help him get past the dragon. This fits his strengths because he is very good on a broom and can think quickly while flying. I think it was smart because he did not try to act like the other champions. He used something he already knew he could do well.

How do Dumbledore and the Ministry disagree about what should happen next, and what theme does this show?

Example answer: Dumbledore believes people need to face the truth and get ready for danger. The Ministry wants to deny what happened because the truth is scary and hard to accept. I think this shows the theme that courage is not just fighting; it is also telling the truth. The chapter made me think that pretending a problem is not real can make it worse.
