How to Answer

Your answer does not have to be perfect. Just answer in complete thoughts and use details from the chapter.

How to structure your answer

A strong answer usually has a few parts. Try these steps:

- 1. **Answer the question.** Start with one sentence that answers the question directly.
- 2. **Give an example.** Add a detail or moment from the chapter that shows what you mean.
- 3. **Explain why.** Tell why it mattered, or how it made you think or feel.
- 4. **Wrap it up.** Finish with a closing thought, a question, or a prediction.

In Chapter 2, Kiki searches for a town where she can live for a year. What does she notice about the seaside town, and why do you think she decides to stay there?

Example answer: I think Kiki notices that the seaside town is big, busy, and different from home. It probably feels a little scary because not everyone knows what to think about a young witch. I think she decides to stay because the town needs her skills, even if the people do not realize it yet. She also wants to prove that she can be brave and independent.

Chapter 12

By the end of Chapter 12, Kiki has changed since leaving home. What is one way she has grown as a witch and one way she has grown as a person?

New word I learned:

What do you think it means?

Chapter 11

In Chapter 11, make a prediction based on Kiki's experiences so far. How do you think she will handle future challenges differently from when she first arrived?

How to Answer (continued)

In Chapter 7, think about the word "responsibility." What does responsibility mean in this chapter, and how does Kiki show it through her choices?

Example answer: To me, responsibility means doing what you promised, even when it is not easy. Kiki shows responsibility by taking her delivery work seriously and trying to help the person who is counting on her. She does not just give up when there is a problem. This shows she is becoming more mature.

By the end of Chapter 12, Kiki has changed since leaving home. What is one way she has grown as a witch and one way she has grown as a person?

Example answer: By the end, I think Kiki has grown as a witch because she understands how to use her flying to help real people. She is not just practicing anymore; she is doing important work. As a person, she has become more confident and patient. She learns that making mistakes does not mean she has failed.
