How to Answer

Your answer does not have to be perfect. Just answer in complete thoughts and use details from the chapter.

How to structure your answer

A strong answer usually has a few parts. Try these steps:

1. **Answer the question.** Start with one sentence that answers the question directly.
2. **Give an example.** Add a detail or moment from the chapter that shows what you mean.
3. **Explain why.** Tell why it mattered, or how it made you think or feel.
4. **Wrap it up.** Finish with a closing thought, a question, or a prediction.

Which dragonet would you choose as a companion in Pyrrhia right now? Explain what makes that dragon a good choice.

Example answer: I would choose Clay as my companion because he cares about his friends. He thinks about their safety, not just his own. I would want someone who would help me when things became scary. His caring nature matters more to me than being the strongest dragon.

Chapter 35

Select a vivid word or phrase describing a dragon or a place in your latest chapter. Explain what it helps you picture and why it is more useful than a plain description.

New word I learned:

What do you think it means?

How to Answer (continued)

What strength do you notice in Sunny so far? Explain how that strength could help the group.

Example answer: I think Sunny's strength is her hopeful attitude. She is cheerful even though the dragonets have a difficult life. I think her hope could encourage the others when they feel upset or stuck. Being hopeful does not solve every problem, but it can help a group keep trying.

How has the story shown that courage can take different forms? Use a dragonet's behavior to explain your idea.

Example answer: I think courage is more than being ready to fight. Tsunami shows courage by speaking up instead of quietly accepting what she dislikes. Clay's concern for his friends makes me think that protecting someone can also be brave. These dragonets help me see that courage can come from different feelings and strengths.
