How to Answer

Your answer does not have to be perfect. Just answer in complete thoughts and use details from the chapter.

How to structure your answer

A strong answer usually has a few parts. Try these steps:

1. **Answer the question.** Start with one sentence that answers the question directly.
2. **Give an example.** Add a detail or moment from the chapter that shows what you mean.
3. **Explain why.** Tell why it mattered, or how it made you think or feel.
4. **Wrap it up.** Finish with a closing thought, a question, or a prediction.

Chapter 4: What do you think the White Witch wants from Edmund, and what clues make you think that?

Example answer: I think the White Witch wants to use Edmund to find his brother and sisters. She asks many questions about them, especially where they are and how many there are. She also gives Edmund Turkish Delight so he will trust her and want to come back. This makes me think she is trying to trick him, not truly be kind.

How to Answer (continued)

Chapter 10: What changes in Narnia show that hope is returning, and how do the children respond to those changes?

Example answer: The snow begins to melt, and Father Christmas appears, which shows that the Witch's power is getting weaker. The children receive special gifts that may help them later. I think they feel surprised and encouraged because Narnia is not frozen and hopeless anymore. These changes make it seem like Aslan is coming soon.

Chapter 17: At the end of the story, what lesson do you think the children have learned from their time in Narnia?

Example answer: I think the children learn that bravery, forgiveness, and loyalty are very important. Edmund learns from his mistakes, and the others learn to trust Aslan and help each other. They also see that good can win even when things seem scary. Their adventure makes them wiser and more caring.
