# How to Answer

---

*Your answer does not have to be perfect. Just answer in complete thoughts and use details from the chapter.*

## How to structure your answer

A strong answer usually has a few parts. Try these steps:

1. **Answer the question.** Start with one sentence that answers the question directly.
2. **Give an example.** Add a detail or moment from the chapter that shows what you mean.
3. **Explain why.** Tell why it mattered, or how it made you think or feel.
4. **Wrap it up.** Finish with a closing thought, a question, or a prediction.

**How are Tsunami and Clay alike or different in the parts you have read? Explain how one of those similarities or differences affects their friendship.**

**Example answer:** I think Tsunami and Clay both care deeply about their friends, but they show it differently. Tsunami is more likely to speak boldly and take charge. Clay often seems gentler and more interested in keeping everyone together. I think their different strengths can help the group, even when they do not agree.

## How to Answer (continued)

---

**What does your reading suggest about what makes a place feel like home to Tsunami? Use a detail from the story.**

**Example answer:** I think home means more than being around dragons who look like you. Tsunami wants to find her SeaWing family, so sharing a family history matters to her. Still, she already has strong ties to Clay, Glory, Starflight, and Sunny. That makes me think she needs people she can trust, not just a place where she belongs by birth.

**If you could ask Tsunami one question about something she has done so far, what would you ask? Explain why you want to know.**

**Example answer:** I would ask Tsunami why finding her SeaWing family matters so much to her. I know she wants to learn where she comes from, but I wonder what she hopes her family will be like. Her friendships with the other dragonets already seem important to her. I want to understand what she thinks a birth family can give her that her friends cannot.
