How to Answer

Your answer does not have to be perfect. Just answer in complete thoughts and use details from the chapter.

How to structure your answer

A strong answer usually has a few parts. Try these steps:

1. **Answer the question.** Start with one sentence that answers the question directly.
2. **Give an example.** Add a detail or moment from the chapter that shows what you mean.
3. **Explain why.** Tell why it mattered, or how it made you think or feel.
4. **Wrap it up.** Finish with a closing thought, a question, or a prediction.

So far, how are Jack and Annie acting differently from each other? Use details from this chapter to explain how their personalities show.

Example answer: I think Jack is acting more careful, while Annie is more ready to jump into action. Jack often tries to think things through and notice facts about where they are. Annie seems braver about getting close to new experiences. Their differences help because Jack pays attention, and Annie keeps them moving.

How to Answer (continued)

What do you think Jack and Annie should be most careful about as they continue their adventure? Explain your prediction using clues from the chapter.

Example answer: I think they should be most careful around wild animals because they are visitors in the animals' home. The jungle setting makes everything feel beautiful but also dangerous. Jack and Annie need to watch, listen, and not rush into situations. My prediction is that being respectful and alert will help them stay safe.

Which part of this chapter was the most exciting, surprising, or tense to you? Describe what made it stand out.

Example answer: The most tense part to me was when Jack and Annie seemed unsure about what might happen next in the jungle. I could imagine the sounds and shadows around them, which made the scene feel suspenseful. It stood out because the adventure felt different from being at home in Frog Creek. I wanted to keep reading to see how they would handle it.
